

Solutions

Business Process Management (BPM) and Document Management (DM) Solutions

COSA BV provides solutions for optimizing and controlling business processes. Being a vendor of integral and efficient IT systems, COSA is especially successful with projects in the area of Business Process Management and Document Management.

Due to our elaborate Workflow component as basic technology and our experience in the area of system integration, we are able to react to any e-business requirements and implement an appropriate solution.

Among others, COSA implemented the following solutions:

- COSA ITIL
- The modern credit factory
- Active claims management
- Applications online
- Networking knowledge with COSA
- Intelligent manufacturing engineering
- Efficient order processing
