

Project Realization

Project Realization

Being a true product vendor, COSA is of course expected to implement solutions at the customer site. We are always glad to comply with such requests. Our employees have profound project experience starting from establishing concepts and designs up to the implementation, documentation and training of end users.

Due to these qualifications COSA has already implemented successful solutions for the German insurance company HDI, the Austrian national bank (Oesterreichische Nationalbank) and the North Rhine-Westphalian Ministry of Economic Affairs and Employment. Business Process Management (BPM) and Workflow Solutions by COSA - The BPM Experts
